Behavioral Radar Chart

■ Amanda Wood

■ ASSISTANT: Collaborator – ...

Risk Axis ▲ ASSISTANT: Collaborator –... ● Amanda Wood R

Cautious Risk-Taker

This indicates that the position requires an individual who is polite, kind and non-confrontational – someone who is motivated by maintaining an environment free of tension and confrontation. However, in her Natural, spontaneous style, Amanda is somewhat more direct and competitive than the job requires.

Extroversion Axis ▲ ASSISTANT: Collaborator –... ● Amanda Wood E

Introverted Extroverted

This indicates that the position requires an individual who, depending on the situation, can be sociable and friendly – someone who is motivated by some interaction and exposure to people. However, Amanda is more introspective, serious and distant, and although she can sometimes be sociable and friendly, she will have to make an effort to respond to this job requirement.

Patience Axis ▲ ASSISTANT: Collaborator –... ● Amanda Wood P

Restless/Impatient Calm/Patient

This indicates that this position requires an individual who is naturally and spontaneously calm, patient and relaxed – someone with listening skills, who is motivated by consistency and stability. Amanda has these attributes as part of her Natural style.

Conformity to Norms Axis

▲ ASSISTANT: Collaborator –...

● Amanda Wood

Independent

Adherence to rules

This indicates that the position requires an individual who, depending on the situation, can be detail-oriented, organized and disciplined when it comes to standards and procedures – someone who, although motivated by some structure, is also motivated by a certain amount of freedom of action. In her Natural style, Amanda is more detail-oriented and perfectionistic than the job requires.
